The Incorporated Village of Amityville retains the absolute right to require that all or part of such work be removed to allow full inspection. As an alternative, the Village may attempt to complete its inspections without requiring such removal at the request of the property owner. Property owners not opting to expose structural materials assume responsibility for any defects.
15. Failure to obtain a Certificate of Occupancy on permitted work within twelve (12) months will require payment of a *Renewal Fee* before further inspections can be scheduled and a Certificate of Occupancy can be issued.
