Fence Code- Available at Amityville.com

□ § 183-139 **Fences and similar structures.**

- A. No fence, trellis, pergola or other similar structure shall be erected without a fence permit issued by the Code Enforcement Officer. No such structure shall exceed the following heights, as measured from the average grade adjacent to said structure, or be of a different design as hereafter specified, without a special exception from the Zoning Board of Appeals:
  - (1) Four feet in height of nonsolid and see-through design in the front yard of any parcel, and in the portion of any yard of any premises abutting a waterway in the Village.
  - (2) Five feet in height of either solid or nonsolid design from the front building line in the side or rear yard of any parcel except waterfront parcels.
  - (3) Six feet in height of either solid or nonsolid design from the front building line in the side or rear yard of any parcel adjacent to property used for nonresidential purposes.
- B. Any fence which has a finished and an unfinished side shall be installed with the finished side facing the abutting property.
- C. No fence shall have barb wire or any razor-like wire.
- D. The design of the fence shall be the same or substantially similar to one of the samples in **Exhibit A** at the end of this chapter.
- E. The Board of Trustees shall establish the fee for fence permits by resolution.

Fence Examples-

Chain link fences are also acceptable although not shown
