Greetings,

The Village has recovered from the effects of Tropical Storm Isaias, working with residents to clear and remove debris and performing outreach to help residents and businesses facing frustrating outages. We have also been organizing events for our residents, while working with the Town of Babylon to help our local businesses regain their momentum in light of the Covid pandemic.

As the end of Summer nears, there are several events coming up to help us hold onto that summer state of mind, while staying socially distanced and Covid safe.

Please mark your calendars for these Drive-in Concert Events and get your tickets now:

- **Live-Streamed Colored Colors Concert:** This **Friday, August 28th (6:30 PM - 11 PM)** we are collaborating with the Town of Babylon to host a live-streamed, drive-in concert right here in Amityville at the library parking lot. Enjoy the fresh sounds of diverse local artists including Dudley Music, Nefertiti Gold, Calvin Priice, Fancy Cat and Jared Martinez. Performances will be live-streamed on two large 16 x 9 ft. screens live from Viper studios here on Long Island. Show starts at 7 PM. Special offers and discounts are being made available to concert-goers by many of our restaurants and delis.

While the school year will be a different experience for our families and teachers, we wish everyone a healthy and productive year ahead. We understand that the high school construction will be completed in time for September, and with the Bayview Ave and Merrick Rd. entrances to the property to be reopened soon, Lake Drive will no longer be used for buses.

Please stay safe everyone!

Regards,

*Mayor Dennis Siry*
