COVID-19 Update:

Greetings:

I want to thank everyone for doing their best to remain home during this trying time. The Village Trustees and I are grateful to everyone for doing their part to slow the upward curve of COVID-19. Together, we are making a difference in this war against the virus.

Now more than ever, we need to remain vigilant in our social distancing and protection. I know many are interested in the impact of the virus on us locally, and once the County officially launches its localized COVID-19 map (due out this week) we will share that with you.

We recognize that these are financially trying times for many of our Village neighbors. I'd like to share information we received from the Department of Labor regarding financial benefits for workers who may be affected by COVID-19. **Please check out these resources:** [Pandemic Unemployment Assistance](#) and the [CARES Act](#) to see if you are eligible for assistance.

Village Hall remains closed to the public this week. Just as an FYI, according to the Governor's Executive Order, School Board and Library elections will be postponed until sometime in June and **Beach Pavilion sign ups, previously scheduled for this Wednesday, have been postponed until Friday, May 1st.** Also note that our Board of Trustees work session previously scheduled for this Thursday, April 2nd has been cancelled.

I once again thank our selfless health professionals and first responders, and all those on the front lines throughout our community – we truly appreciate all you are doing for us.

Please continue to check our village website, Amityville.com for periodic updates as well as the coronavirus.health.ny.gov and [CDC.gov](https://www.cdc.gov) websites. Please remember, in times of uncertainty and stress, it's important to take care of yourself and reach out to get help when needed. A complete list of [mental health resources](#) are available to you.

I also urge you to keep supporting our local essential businesses whether it's for food to go, gas or other vital services. They rely on your business and are a great resource for all of us.

Please stay well!

Best regards,

Mayor Siry
